

Query 1

Five fishermen drowned after their trawler, Lozano, was rammed by Maria del Mar near Corog. A 51-year-old pensioner from Würzburg, Mr. Gusta Neubauer, killed his sleeping wife with a hatchet and then committed suicide by jumping under a train. The Western German conscientious objectors' congress convened in Cologne, inviting recognized [...]

Query 2

On January 16, 1983, a white plume from Goesgen nuclear plant's cooling tower caused concern. Surveys found many believed it contained dangerous substances like radioactive gases, toxic or lethal gases. In contrast, fewer outside the region knew it was steam.

Query 3

They fear Italy will follow the Federal Republic. Socialists warned Christian Democrats and Defense Minister Andreotti against nuclear weapons. Ogives are already in Italy; public opinion suspects secret plans. Communists criticize Andreotti's nuclear strategy on TV and in newspapers.

Query 4

The GIPRI institute faces crisis due to leadership's refusal to hold an extraordinary assembly for evaluation. Members accuse the board of altering its original scientific peace research focus. Conflicts over institute direction and funding have persisted since 1981.

Query 5

Thousands protested in Kaiseraugst against planned nuclear power plant construction. A TV show sparked the demonstration. Demonstrators, including women, men, and youth, carried signs and later lit torches. The peaceful event left many disappointed with the one-sided broadcast.
